

Spoons:

Materials needed: Plastic spoons, one less than number of students

To play

- Teacher gives a SM clue.
- When student has found correct scripture, they grab a spoon.
- Last student, who doesn't get a spoon, gets a letter (to spell s-p-o-o-n) or a point.
- Loser is first to spell spoon. (Alternate scoring: everyone who got a spoon gets a point. Person with the most points at the end is the winner.)
- Have the student who grabbed the first spoon "hide" the spoons for the next round. They must tell the rest of the class the general area where they are hid (in the hallway, in the kitchen, etc.).
